Dear Damien,

Recent announcements indicate there will be significant changes to Beecroft and Cheltenham associated with the temporary closure of the Macquarie train line for its conversion to the Metro. The media releases announced a direct bus service between Beecroft and St Leonards, but there appears to be no detail provided. The Trust understands that Transport NSW is currently meeting with Hornsby Council to discuss the anticipated increase in bus services and associated changes to vehicle parking and traffic movements. We expect there will be changes to parking arrangements around Beecroft and Cheltenham stations but also other changes like extra bus shelters plus changes to traffic movements through the two suburbs.. .

As this is a State Government initiative the Trust would appreciate being informed of the expected changes to Beecroft and Cheltenham so we can pass on relevant details to the local residents. Perhaps a meeting between the Trust committee and transport staff may be beneficial for both parties.

Kind regards

Ross Walker President
Beecroft Cheltenham Civic Trust
