Dear Sir,

Road Safety issue with Exit Ramp and Pedestrian Crossing at Beecroft Place Shops

Various local residents have raised concerns with the Beecroft Cheltenham Civic Trust about the limited visibility for motorists exiting the Beecroft
Place Shopping Centre. The Trust understands that at least one resident has already contacted Council over this matter.
The photograph attached shows the road safety signs plus the parking status panel blocking the motorist's line of vision. While the Trust acknowledges that road safety signs are required the issue appears to be the positioning of the signage and parking status panel, combining to block the motorist's field of view of the pedestrian crossing.

The Trust believe the safety risk can be minimised, and suggests the signage perhaps could be raised or better still moved further away from the
pedestrian crossing towards the brick pillar. Similarly the parking status panel could also be relocated, back against the brick pillar.

The Trust requests that this matter being addressed as soon as possible.

Yours Sincerely,
Ross Walker OAM
